PROFESSIONAL SUMMARY

Software engineering enthusiast with hands-on experience in full-stack development and AI-based solutions. Skilled in developing scalable, user-centric applications with React.js, Node.js, MongoDB, and Python. Eager to apply engineering principles to develop efficient software that solves real-world problems.

SKILLS

Languages: Java, Python, SQL, HTML/CSS
Technologies & Tools: Google Cloud Platform (GCP), Git/GitHub, MongoDB

WORK EXPERIENCE

Softionik

Full Stack Web Development Intern   May 2025 - June 2025

- Using MERN stack, full-stack features were developed, increasing delivery speed by **30%**.
- For smooth frontend-backend integration, I tested **5+** REST APIs using Postman and MongoDB.
- Found and fixed **10+** database issues, which improved query performance by **25%**.

EDUCATION

Srinivas University Institute of Engineering and Technology

Bachelor of Technology in Computer Science - 8.63   2022 - 2026
Suraj PU College

Pre-University Course (PCMC) - 67%   2020 - 2022
Jnana Deepa High School

Secondary School Leaving Certificate (SSLC) - 84.96%   2018 - 2020

- **Academic Distinction:** Ranked among the top **15–20** students of the graduating class to achieve the **A Grade** with **Distinction**.

PROJECTS

SkillMatch AI ↗   March 2025 - April 2025

- created an automated screening tool to evaluate and rank resumes in relation to job descriptions using **TF-IDF** and **Cosine Similarity**.
- Shortlisting accuracy was increased by **30%** by prioritizing candidates according to keyword match, experience level, and skill relevance.

Nexora ↗   February 2025 - March 2025

- Created a **full-stack** project management tool with **React, Node.js, Express.js,** and **MongoDB**.
- Real-time task updates, role-based access, and **API** integrations were put into practice.
- Centered on user-friendly **UI/UX** to improve team productivity and user workflow

CERTIFICATIONS

Oracle Cloud Infrastructure (OCI) Generative AI Professional ↗

- Learned to build, deploy, and scale generative AI models using Oracle Cloud services.

AWS Academy Cloud Foundations ↗

- Acquired foundational knowledge of cloud computing, AWS services, and deployment best practices.

IT Specialist: Databases Certification ↗

- Validated understanding of **database** concepts, relational and non-relational models, **SQL** operations, and data security principles.

ACHIEVEMENT

Google Cloud Arcade – Legend Milestone Achiever

Achieved the highest milestone, **2x Legend**, in the **Google Cloud Arcade** program by completing over **400+** hands-on labs and real-world challenges on **Google Cloud Platform (GCP)**.
